

Rotherham Charter

Charter Friendly Check

The Charter Principles: How are we doing and how could we be even better?

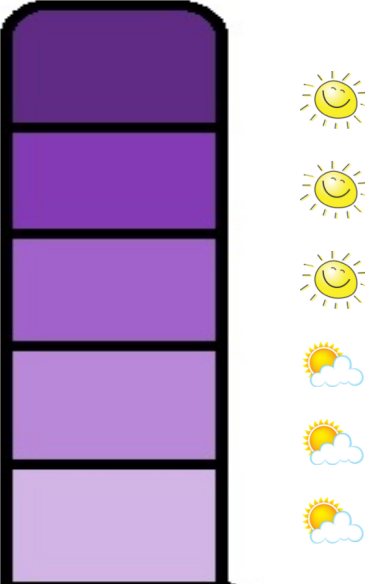

The Charter has Four Key Principles: Welcome and Care, Value and Include, Communicate and Partnership.

Underlying all of these principles is Trust.

We need your help to know how we are doing.

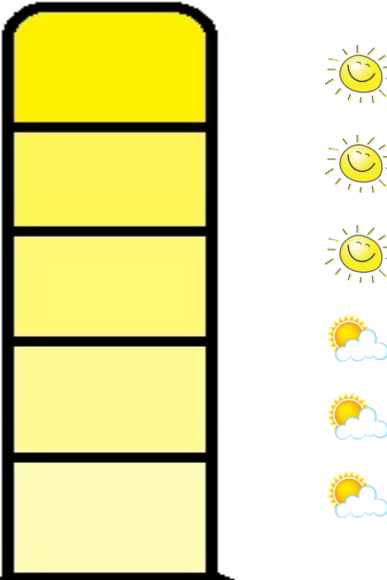

What examples do we have that are 'hot, hot, hot...'  and what could we develop further?

Welcome and Care

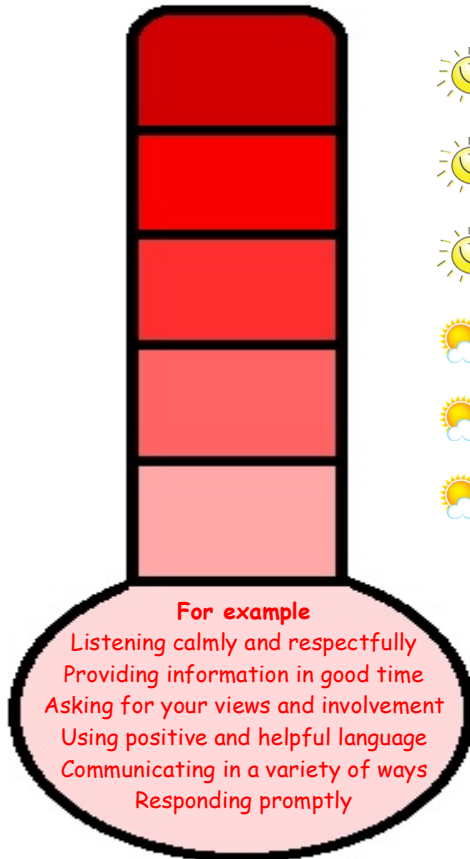

For example
Responding with care
Providing a happy and safe environment
Emphasising strengths and achievements
Nurturing confidence and self-esteem
Welcoming you to the setting/service
Responding with sensitivity

Value and Include

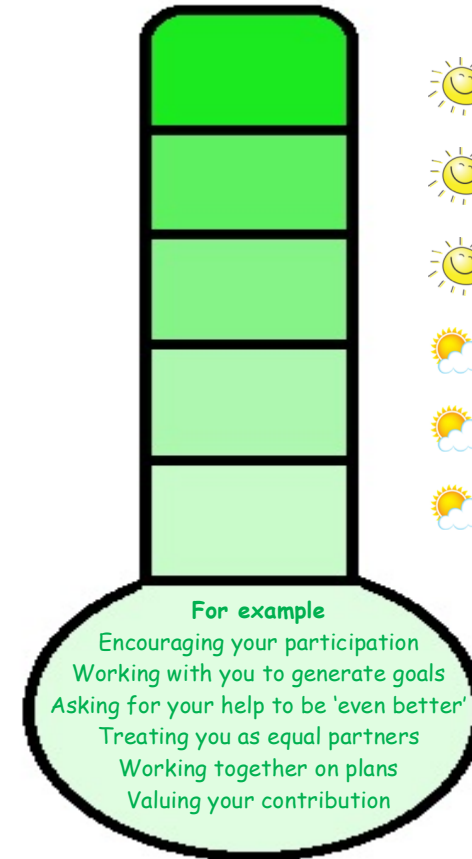

For example
Having a 'can do' approach
Gathering and valuing your 'voice'
Involving you in policy development
Involving you in decision making
Welcoming your involvement
Identify needs early

Communication

Partnership

Thank you for taking some time to think about how the Charter Principles apply to you. If you want to know more about Genuine

Partnerships visit their website at www.genuinepartnerships.co.uk
